Where'd you earn your medical degree, you nattering nitwit? Botswana? The Kingdom of Tonga?. In the spring and summer of '66, he flew to Memphis, Tennessee, stayed a few days, and walked 288 miles to St. Louis. From St. Louis he hiked west 253 miles to Kansas City, Missouri, and then southwest to Wichita. From Wichita to Oklahoma City. From Oklahoma City east to Fort Smith, Arkansas, from whence he rode home to Bright Beach on a series of Greyhound buses..The spectral singer didn't exhibit her blood-and-bone sisters' reluctance to pursue her man..Indeed, subconsciously, she had known that Nella was gone since receiving the call at 4:15 this morning. When the old woman had finished what she needed to say, the silence on the line had been eerily perfect, without one crackle of static or electronic murmur, unlike anything Celestina had ever heard on a telephone before..Junior's attorney-Simon Magusson--insisted upon full disclosure of maintenance records and advisories relating to the fire tower and to other forest-service structures for which the state and the county had sole or joint custodial responsibility. If a wrongful--death suit was filed, this information would have to be divulged anyway during normal disclosure procedures prior to trial, and since maintenance logs and advisories were of public record, Hisscus and Knacker and Nork agreed to provide what was requested..EVERY MOTHER BELIEVES that her baby is breathtakingly beautiful. She will remain unshakably convinced of this even if she lives to be a centenarian and her child has been harrowed by eight hard decades of gravity and experience..As though he were home to a species of termites that preferred the taste of men to that of wood, Vanadium felt a squirming in his marrow..The various flavors of canned soda were always racked in the same order, allowing Barty to select what he wanted without error. He got orange for Angel, root beer for himself, and closed the refrigerator..THE SANDMAN WAS powerless to cast a spell of sleep while Junior spent the night flushing away enough water to drain a reservoir..Agnes held a smile as best she could, determined that her son's final glimpse of her face would not leave him with a memory of her despair..They were inseparable, her son and this cherished girl, as they had been virtually since the moment they had met, more than six years ago. The special perception that they shared--all the ways things are-accounted for part of their closeness, but only part. The bond between them was so deep that it defied understanding, as mysterious as the concept of the Trinity, three gods in one..Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her..THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel..The guy appeared vulnerable, his arms occupied with the kid and the bag, and Junior considered bursting out of the Mercedes, striding straight to the Celestina-humping son of a bitch, and shooting him point-blank in the face. Brain-shot, he would drop quicker than if the headless horseman had gotten him with an ax, and the kid would go down with him, and Junior would shoot the bastard boy next, shoot him in the head three times, four times just to be sure..Chicane packed the ice against Junior's thighs. "Severe spasm causes inflammation. Twenty minutes of ice alternating with twenty minutes of massage, until the worst passes." "Great guy. Do you have an address for her, a way maybe I could get in touch about her brother?". Delighted to be dating someone who lived neck-deep in culture especially after two months with Tammy Bean, the money maiden. Junior was surprised that he didn't score with Frieda on the first date. He was usually irresistible even to women who weren't sluts..Frowning, Panglo, said, "Terrible, you're right, so many terrible things happen, but I don't see why trains-". This humble house wasn't where you expected to hear an elaborate custom doorbell-or even any doorbell at all, since knuckles on wood were the cheapest announcement of a visitor..While Jacob ate, he browsed through a new coffee-table book on dam disasters. He talked more to himself than to Barty and Angel, as he spot-read the text and looked at pictures. "Oh, my," he would say in sonorous tones. Or sadly, sadly: "Oh, the horror of it." Or with indignation: "Criminal. Criminal that it was built so poorly." Sometimes he clucked his tongue in his cheek or sighed or groaned in commiseration..support as he had only pretended to need it previously. He felt as if he had become the mere shell of a man and that the right note would shatter him as a properly piercing tone can shatter crystal.. "After the war, for a while, I was able to get more mainstream work. Racially ... things were changing. But I was getting older, too, and the entertainment business is always looking for someone young, fresh. So I never made it big. Lord, I never even made it medium, but I got along okay. Until ... by the early 1950s, my booking agent found it harder and harder to line up good dates, good clubs."..the stems, thorns sharp against his tongue. And then Agnes. Agnes in the yard, screaming..When the subject shifted to card tricks and fortune-telling, Maria admitted to practicing divination with standard playing cards..Celestina turned in her seat to look back at Wally and Angel, who were waving. "I guess I am."..The front door was unlocked. This was no longer one house; it had been converted to an apartment building..From his motel room, he telephoned Hanna Rey in Bright Beach. She still looked after his house on a part-time basis, paid the bills from a special account while he traveled, and kept him informed about events in his hometown. From Hanna, he learned that Barty Lampion's eyes had been lost to cancer..A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed by underwear and other garments. Junior appropriated a box of 9-mm. cartridges..Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?". This ended any hope of romance, and he was disappointed. A less self-controlled man might have seized a nearby bronze vase-fashioned to resemble dinosaur stool-and stuffed her into it or vice versa..In a red coat with a red hood, Bartholomew appeared first in the arms of the tall lanky man, the Ichabod Crane look-alike, who also had a large tote bag hanging from his shoulder..As a matter of principle, Junior considered firing the slit-mouthed troll on the spot, but then Magusson said, "You shouldn't be bothered any further by Detective Vanadium." "I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's."..The nurse led the way, while the orderly pushed the gurney from behind Barty's head..The musician had no talent for deception. His hopping-hen eyes pecked at the nearest painting, at other guests, down at the floor, everywhere but directly at Junior, and a nerve twitched in his left cheek. "Well, I'm very good, you know, at faces, they stick with me, I don't know why. Goodness knows, my memory is otherwise shot."..Most of these firearms were loaded and ready for use, but five remained in their

original boxes, in the back of her bedroom closet. Evidently, considering the original bill of sale taped to each of the five boxed handguns, she must have acquired all the weapons legally. As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged. Junior approached the headstone from behind, circled it, and shone the flashlight on the chiseled facts. Being blind had few consolations, but Barty found that not being able to look at his uncles' files and books was one of them. In the past, he never really, in his heart, wanted to see those pictures of dead people roasted in theater fires and drowned bodies floating in flooded streets, but a few times he peeked. His mom would have been ashamed of him if she'd discovered his transgression. But the mystery of death had an undeniable creepy allure, and sometimes a good Father Brown detective story simply didn't satisfy his curiosity. He always regretted looking at those photos and reading the grim accounts of disaster, and now blindness spared him that regret. He desperately needed closure in the matter of Naomi's death. That was what these past three years and these supernatural events were all about. A delay of a few hours, before getting her under a physician's care, might still be risky. But so was forcing her into a local hospital to endure the mortification she desperately wanted to avoid. Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters. Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale. By the time his ferocious in-laws had finished with him, Junior would have won the sympathy of Knacker, Hisscus, Nork, and everyone else who might have harbored doubts about his role in Naomi's demise. Perhaps even Thomas Vanadium would find his suspicion worn away. With remarkably little splash, the sedan eased into the water. Briefly it floated, bobbling near shore, tipped forward by the weight of the engine. As the lake flooded in through the floor vents, the vehicle settled steadily-then sank rapidly when water reached the two partially open windows. But with the silencer attached, the pistol was useful only for close-up work. After passing through a sound-suppressor, the bullet would exit the muzzle at a lower than usual velocity, perhaps with an added wobble, and accuracy would drop drastically at a distance. The paper towels were spotted with butter. He crumpled them and threw them in the trash. Through the remainder of his dinner, he was entirely future focused, the past put safely out of mind. Until "She's got preeclampsia. It's a condition that occurs in about five percent of pregnancies, virtually always after the twenty-fourth week, and usually it can be treated successfully. But I'm not going to sugarcoat this, Celestina. In her case, it's more serious. She hasn't been seeing a doctor, no prenatal care, and here she is in the middle of her thirtyeighth week, about ten days from delivery." A rescuer instructed her to close her eyes and turn her face away from the passenger's door. He shoved a quilted mover's blanket through the window and arranged this protective padding along her right side. Too much clatter, drawing attention. No leisure for romance now, no chance for a two-sister score. just kill Celestina, kill Bartholomew, and go, go. Alone with Agnes, the physician said, "I want you to take Barty to a specialist in Newport Beach. Franklin Chan. He's a wonderful ophthalmologist and ophthalmological surgeon, and right now we don't have anyone like that here in town." He jammed the 9-mm pistol under his belt, grabbed Ichabod by the feet, and dragged him quickly toward the door to Apartment 1. Smears of blood brightened the pale limestone floor in the wake of the body. Angel followed him at two steps, and when she stood beside his chair, watching him open the soft drink, Barty said, "Why were you following me?" As he turned the corner onto Jasmine Way, he felt his heart lift in expectation of the sight of his home. It wasn't a grand residence--a typical Main Street, USA, house-but it was more splendid to Paul than Paris, London, and Rome combined, cities that he would never see and would never regret failing to see. When at last the caller spoke again, her voice sounded a kingdom away: "Will you tell Bartholomew ... ?". With effort, she managed to say, "I'm sorry, sweetie," but her voice was sufficiently distorted by anguish that even to herself, she sounded like a stranger. Considering his formidable size, his clothes ought to have served an image of virile masculinity: boots, jeans, red flannel shirt. His ducked head, slumped posture, and shuffling feet were reminders, however, that many young boys, too, dressed this way. But first, March 23: the bad date with Frieda Bliss, and what he discovered in his apartment when he came home that night. For all his brilliance, however, he was still a boy who loved to run and jump and tumble. Who swung from the backyard oak tree in a rope-and-tire swing. Who was thrilled when given a tricycle. Who giggled in delight while watching his uncle Jacob roll a shiny quarter end over-end across his knuckles and perform other simple coin tricks. Celestina slammed the door, pressed the lock button in the knob, shoved-rocked-muscled the dresser in front of the door, astonished by her own strength, and heard Angel speaking into the phone: "Mommy's moving furniture." When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first. Returning his attention to his own shoes, Jacob said, "So ... what am I supposed to do about this?" you greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack. While Angel continued her relentless interrogation of Paul Damascus, Tom joined her mother in front of the large window at the end of the room farthest from the dinner table. He doused the light and crouched motionless in the absolute darkness, leaning against a wall of the dumpster to steady himself, because his feet were planted in slippery layers of fog-dampened plastic trash bags. Celestina looked up from the scarred top of the desk toward the fog-white sky beyond the window, from reality to the promise. Though she worried that reading would strain his eyes, worsening his condition, she recognized the irrationality of her fear. Muscles don't atrophy from use, nor eyes wear out from too much seeing. Instead of engaging in the confrontation for which he had been pressing ever since his first visit, Vanadium surprised Junior by breaking eye contact, turning from the bed, and crossing the room to the door. He thought he heard the soft swoosh of knife-edge wings slicing the January air. He dared not look up. More in his throat. The agony. Darkness poured into his head, as if it were blood rising relentlessly from his flooded stomach and esophagus. He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon." Victoria lay faceup on the floor. The nurse was no longer as lovely as she had been, and perhaps because of early rigor mortis, her grace, which had initially been evident even in death, had now deserted her. As kids living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God-they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's painstakingly thorough room searches. One worrisome problem: Neddy might be found in the container before it had been hauled away, instead of at the landfill that preferably would serve as his

next-to-last resting place. If his body was discovered here, it must be at a distance from any trash bin used by the gallery. The less likely the cops were to connect Neddy to Greenbaum's art-sausage factory, the less likely they also were to connect the murder to Junior..Like all ICU waiting rooms, where Death sits patiently, smiling in anticipation, this lounge was clean but drab, and the utilitarian furnishings didn't pamper, as though bright colors and comfort might annoy the ascetic Reaper and motivate him to cut down more patients than otherwise he would have done..Far from idiotic, Junior's cause was his survival and salvation, and he committed himself to it with every fiber of his body, with all of his mind and heart.
