We're the location to get for the book. And your time to acquire this specific guide since among the compromises has become ready. He might have felt properly foolish if he had not suffered so much personal experience of Enoch Cain. This was a false alarm, but considering the nature of the enemy, it wasn't a bad idea to put himself through a drill from time to time..Although to Paul this was no more than childish chatter, Tom knew at once that the girl referred to his explanation for why he wasn't sad about his damaged face: the salt and pepper shakers representing two Toms, the hit-and-run

rhinoceros, the different worlds all in one place. "Yes, Angel. That's something like what I was talking about." "It was... the only dream that mattered," Joey said. "You ... loving me. It was a good life because of you." And somewhere Selma Galloway, their neighbor, was not a spinster but a married woman with grandchildren. The operator attempted to calm him, but he remained hysterical. Between gasps and sharp squeals of pretended pain, he shakily rattled off his name, address, and phone number. For Gammoner, exactly as for Pinchbeck, Google had provided: a driver's license that was actually registered with the California Department of Motor Vehicles, and that would, therefore, stand up to any cop's inspection; a legitimate social-security card; a birth certificate actually on file with the cited courthouse; and an authentic, valid passport. He was filled with bitter remorse for having suspected Naomi of poisoning his cheese sandwich or his apricots. She had in fact adored him, as he had always believed. She would never have lifted a hand against him, never. Dear Naomi would have died for him. In fact, she had. Later, in early '66, out of his coma and recovering sufficiently to have visitors, Vanadium spent a most difficult hour with his old friend Harrison White. Out of respect for the memory of his lost daughter, and not at all out of concern for his image as a minister, the reverend had refused to acknowledge either that Seraphim had been pregnant or that she'd been raped-although Max Bellini had already confirmed the pregnancy and believed, based on cop's instinct, that it had been the consequence of rape. Harrison's attitude seemed to be that Phimie was gone, that nothing could be gained by opening this wound, and that even if there was a villain involved, the Christian thing was to forgive, if not forget, and to trust in divine justice. The diarrhea was over, finished, part of the past. Long ago he had learned never to dwell on the past, never to be overly concerned about the worries of the present, but to be focused entirely on the future. He was a man of the future. As though the fog were a paralytic gas, Junior stood unmoving in the middle of the sidewalk. He really didn't want to climb into that Dumpster. Enigmatic as ever on this subject, he continued: "I'm probably not blind more places than I am. Yeah, sure, I'd rather be me in one of the other places where my eyes are good, but this is the me I am. And you know what?". Instead of opening his left fist, Tom lifted his martini with his right, and on the tablecloth under the glass lay the coin. Leaving the children under the tree, Tom returned to the house to phone the police. With everyone in the diner now aware of Junior, with every head turned toward him and with every wary eye tracking him, he dropped the bun cap and the mustard dispenser on the floor. Barging through the swinging gate at the end of the lunch counter, he entered the narrow work area behind it. The custom-fitted gold-link band of the wristwatch closed with a clasp that, when released, allowed the watch to slip over the hand with ease. Junior knew at once that the clasp had come undone when his arm tangled in the belt of Neddy's raincoat. The corpse had torn loose and tumbled into the Dumpster, taking Junior's watch with it. Because his pinching fingers deformed the shape of her mouth, her voice was compressed: "I see all the ways you are." When he located the new grave, approximately where he'd guessed that it would be, he was surprised to find a black granite headstone already set in place, instead of a temporary marker painted with the. She twisted her sweat-drenched face in what might have been frustration, closed her. The tone sounded, as promised, and a man's voice spoke from the box: "It's Max. You're psychic. I found the hospital here. Poor kid had a cerebral hemorrhage, arising from a hypertensive crisis caused by ... eclampsia, I think it is. Baby survived. Call me, huh?". Still looming over her, he snatched the pad out of her hands and examined the sketch. "Where would you have seen this?". He tried to lean back as he dropped, with the hope that he would fall under her, providing cushion if they met with sidewalk instead of lawn. PERRI'S POLIO-WHITTLED body did not test the strength of her pallbearers. The minister prayed for her soul, her friends mourned her loss, and the earth received her. Of course, you've never seen anything like it, you worthless adolescent twit. You're not old enough to have seen squat, and even if you were older than your own grandfather, you wouldn't have seen anything like this, Dr Kildare, because this here is a true case of voodoo Baptist boils, and they don't come along often! She refused to look at him, the way her mother had refused to look at him when he'd been making love to her in the parsonage. She began twisting a red pencil in a handheld sharpener, making sure that the shavings fell into a can kept for that purpose. "I saw it here." Better still, he was able to have the girl to the accompaniment of her father's voice, which was even kinkier than doing her in the parsonage. When Junior rang the bell, Seraphim had been in her room, listening to a tape of a sermon her father was composing. The good reverend usually dictated a first draft, which his daughter then transcribed. For three hours, Junior went at her mercilessly, to the rhythms of her father's voice. The reverend's "presence" was deliciously perverse and stimulating to his sense of erotic invention. When Junior was finished, there was nothing sexual that Seraphim could ever do with a man that she had not learned from him. This Monday morning in Oregon was bleak, with the swollen, dark bellies of rain clouds swagging low over the cemetery, a dreary send-off for Naomi, even though rain was not yet falling. Snap, snap, snap! Three more quarters ricocheted off the left side of his face-temple, cheek, jaw. He fiddled with the cylinder until it swung open. Five chambers, a gleaming cartridge in each. Her hands shook as she counted out the fare and the tip from her wallet. "I'm scared sick. Maybe you should just take me right back home." This time, even San Francisco, under a Chinese-blue sky stippled with a cloisonne of silver-and-gold clouds, couldn't provide solace or calm Celestina's nerves. Her sister's dilemma wasn't as easily put out of mind as any problem of her own might have been-and she herself had never been in such an awful situation as Phimie was now. Then the police in Spruce Hills would want to know why he had been screwing around with an underage Negro girl if his marriage to Naomi had been as perfect, as fulfilling, as he claimed. Unfair as it seems, there is no statute of limitations on murder. Closed files can be dusted off and opened again; investigations can be resumed. And although authorities would have little or no hope of convicting him of murder on whatever meager evidence they could dig up, he would be forced to spend another significant portion of his fortune on attorney fees. Sliding Victoria's chair away from the table, he turned her to face him. He adjusted her body so that her head was tipped back and her arms were hanging slack at her sides. Being uniquely sensitive, he had mourned Naomi with his entire body, with violent emesis and pharyngeal bleeding and incontinence. His grief had been so racking that it might have killed him. Enough was enough. The beast would find them one day, but she hadn't spoken of that possibility in perhaps two and a half years. Angel interrupted, bursting into the room, gasping for breath. "Come quick! It's incredible. It's wonderful. You've got to see this. And I mean, Barty, you have to see this." As yet, he hadn't taken either an antiemetic or antihistamine to ward off vomiting and hives, because he wanted to medicate -against those conditions as shortly before the violence as was practical, to ensure maximum protection. He'd intended to dose himself only after he followed Celestina home from the gallery and could be reasonably certain that he had located the lair of Bartholomew. Nolly, Kathleen, and Sparky had prepared him for Industrial Woman, but when the flashlight beam flared off her fork-and-fan-blade face, Vanadium twitched in fright. Without fully realizing what he was doing, he crossed himself. Using this apartment as a base, Nolly and Kathleen had conducted some of the small skirmishes in the first phase of the war, including the ghost

serenades. They left the place tidy. Indeed, the only sign that they had ever been here was a packet of dental floss left behind on the sill of a living-room window. Junior descended the escalator two steps at a time, not content to let it carry him along at its own pace. When he reached the second floor, however, he found that Vanadium's ghost had done what ghosts do best: faded away. Abandoning his search for the perfect tie chain but determined to remain calm, Junior decided to have lunch at the St. Francis Hotel. The study was the size of a bathroom. The cramped space barely allowed for a battered pine desk, a chair, and one filing cabinet. He got in the Suburban, pulled the door shut, but didn't at once start the engine. Her eyes rolled, wild with fear, and seemed not to be focused on anything. The telephone was operative, and Vanadium dialed the number of the building superintendent, Sparky Vox. Sparky had an apartment in the basement, on the upper of two subterranean floors, adjacent to the garage entrance. It could only be made better by the presence of her parents. They had planned to fly down to San Francisco this morning, but late yesterday, a parishioner and close friend had died. A minister and his wife sometimes had duties to the flock that superseded all else. In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house. He thought he heard the tick-scrape-rattle-clink of Industrial Woman on the prow. In the living room. Now the hall. Approaching. Tom didn't understand Edom's comment or the smiles that it drew, but otherwise, he was impressed by the ease with which these people absorbed what he had said and by the imagination with which they began to expand upon his speculation. It was almost as though they had long known the shape of what he'd told them and that he was only filling in a few confirming details. ROCKING AS IF AFLOAT on troubled waters, abused by an unearthly and tormented sound, Junior Cain imagined a gondola on a black river, a carved dragon rising high at the bow as he had seen on a. With his refreshed drink, studying Celestina's photograph in the brochure, Junior returned to the living room. She was as stunning as her sister, but unlike her poor sister, she wasn't dead and was, therefore, an appealing prospect for romance. From her, he must learn whatever she knew that might help him in the Bartholomew hunt, without alerting her to his motive. At the same time, there was no reason that they couldn't have a fling, a love affair, even a serious future together. Sunday, Junior hid out from Scamp, using his Ansaphone to screen her calls, and worked with such astonishing focus on his needlepoint pillows that he forgot to go to bed that night. He fell asleep over his needles at ten o'clock Monday morning. "But in 'This Momentous Day,' Bartholomew is just the disciple, the historical figure, and he's also a metaphor for the unforeseen consequences of even our most ordinary actions." Cupping Angel entirely in his big hands, smiling at her, he said, "Oh, no, Mrs. White, this looks like a healthy young lady to me. No medicine required." "It isn't that, Daddy. You remember, when we were all together the day before yesterday, how afraid Phimie was of this man. Not just for herself ... for the baby." To be fair, with her exceptional beauty, she would have been the center of attention even in a gathering of real artists. Junior had little chance of getting at Seraphim's bastard boy without going through this woman and killing her as well; but if his luck held and he could eliminate Bartholomew without Celestina realizing who had done the deed, then he might yet have a chance to discover if she was as lubricious as her sister and if she was his heart mate. Celestina put Angel down, and the girl raced to the bathroom as Wally stepped into the public hall and pulled the apartment door shut behind him. During the following ten days, he withdrew money from several accounts. He converted selected paper assets into cash, as well. "Well, anyway," she said, as though Muffins uncharacteristic viciousness had been adequately explained, "this mending ought to cover ten more lessons." Rolling onto her side, fumbling in the dark, Celestina White snared the phone on the third ring. Her hello was also a yawn. This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires. Golden lamplight gilded the front windows downstairs. He would sit with Victoria on the living-room sofa, sipping wine as they got to know each other. She might tell him to call her Vicky, and maybe he'd ask her to call him Eenie, the affectionate name Naomi had given him when he wouldn't tolerate Enoch. Soon, they would be necking like two crazy kids. Junior would disrobe her on the sofa, caressing her smooth pliant body, her skin buttery in the lamplight, and then he would carry her, naked, to the dark bedroom upstairs. "No. Just tricks. Turn a leaf to a gold piece. Seemingly." As nimble as a geriatric cat, crying out with pain, Junior nevertheless sprang onto the deep windowsill and shoved against the twin panes of the window. They were already partly open but they were also stuck. Crouched on the deep sill, pushing against the parted casement panes of the tall French window, using not just muscle but the entire weight of his body, leaning into them, the maniac tried to force his way out of the bedroom. Mouth was turned down in half a frown. From the corner of her lips oozed a stream. "Why do they let a man like that keep his badge?" Junior asked. "He's outrageous, wholly unprofessional." The quiet passion in Vanadium's voice was genuine, expressed with reason but not fervor, not in the least sentimental or unctuous which made it more disturbing. "Vibrations in one string set up soft, sympathetic vibrations in all the other strings, through the entire body of the instrument." He shouldered past two counter waitresses, past the short-order cook who was working eggs and burgers and bacon on the open griddle and grill. Whatever expression wrenched Junior's face, it must have been intimidating, for without protest but with walleyed alarm, the employees squeezed aside to let him pass. Junior lifted the pattie with a fork, found no quarter under it, and put the meat on one half of the bun. He constructed the sandwich from these fixings, added ketchup and mustard, and took a great, delicious, satisfying bite. Thus far, none of these women of mercy was as lovely as Victoria Bressler, the ice-serving nurse who was hot for him. Nevertheless, he kept looking and remained hopeful. As she commented on each masterpiece, Frieda grew steadily less coherent. She had drunk a few cocktails, the better part of a bottle of Cabernet Sauvignon, and two after-dinner brandies. The paramedic, fingers pressed to the radial artery in Junior's right wrist, must have felt a rocket-quick acceleration in his pulse rate. Ford dealership, which he'd closed for business until three o'clock: lamentations, lunch, and moving reminiscences of the deceased shared among the shiny new Thunderbirds, Galaxies, and Mustangs. That venue would provide Junior with the witnesses he required for his reluctant, tearful, and perhaps even angry concession to the Hackachaks' insistent materialism. Although she would have felt ridiculous phrasing this question in these words to any other three-year-old, no better way existed to ask it of her special son: "Kiddo ... do you realize you're speaking of your dad in the present tense?" Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream. "Water can break?" Maria asked, looking toward the faucet at the kitchen sink. She

sighed. "I have so much to be learned." No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2. Sitting on the edge of the bed, taking his hand, she stared at his sweet little bow of a mouth, whereas before she would have met his eyes. "Tell me." Glancing at her in the rearview mirror, the driver said, "Pretty exhilarating, huh? Your first big show?". The gas oven might blow up in his face, at last bringing him peace, but if it didn't, he would at least have cookies for Agnes. He stashed two suitcases full of clothes and toiletries-plus the contents of Pinchbeck's safe-deposit box-in the van, and then added those precious items that he'd be loath to lose if the hit on Bartholomew went wrong, forcing him to leave his Russian Hill life and flee arrest. The works of Caesar Zedd. Sklent's three brilliant paintings. The needlepoint pillows, to which he'd colorfully applied the wisdom of Zedd, constituted the bulk of this collection of bare essentials: 102 pillows in numerous shapes and sizes, which he had completed in just thirteen months of feverish stitchery-. Why Cain, even if he was the father, should be interested in the little girl was a mystery to Tom Vanadium. This totally self-involved, spookily hollow man held nothing sacred; fatherhood would have no appeal for him, and he certainly wouldn't feel any obligation to the child that had resulted from his assault on Phimie. In Junior's estimation, this was not the way that a normal person lived. This was the home of a deranged loner, a dangerously obsessive man. Academy of Art College and might have met Celestina White. The critiques of her paintings. "If he gets back within the next hour, better ring me at his place so I can scoot." WHILE THE SLATS of ash-gray light slowly lost their meager luster, and sable shadows metastasized in sinister profusion, the sentinel silence remained unbroken between Junior Cain and the birthmarked man. "I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion." With the second shot, the dead woman tumbled out of her chair, and the chair clattered onto its side. Lipscomb shifted his gaze from the street below to the source of the rain. "Phimie was not gone long, perhaps a minute-a minute and ten seconds at most-and when she was with us again, it was clear from her condition that the cardiac arrest was most likely secondary to a massive cerebral incident. She was disoriented, paralysis on the right side ... with the distortion of the facial muscles that you saw. Her speech was slurred at first, but then something strange happened. . . . The accountant lived in a white Georgian house on a street lined with huge old evergreens. This was pathetic. Only thickheaded fools, unschooled and unworldly, would be shaken into confession by ham-handed tactics like these. He got everything he ordered-full value, and more. When he lifted off the top of the bun to squeeze mustard onto the burger, he discovered a shiny quarter pressed into the half-melted cheese. The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn. Fortunately, he recognized his vulnerability. Until the evening reception for Celestina White, he must spend every hour of the day in calming activities, soothing himself in order to ensure that he would be cool and effective when the time came to act. His words echoed back to her from July: My cold's just here, not every place I am. "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers-doesn't matter what their religion." Junior poured half the vodka over the corpse, splashed some around other parts of the kitchen, and spilled the last on the cook top, where it trickled toward the active burner. This was not an ideal accelerant, not as effective as gasoline, but by the time he threw the bottle aside, the spirits found the flame. They ordered martinis, and when Kathleen, perusing a menu, asked her husband what looked good for dinner, he suggested, "Oysters?". She damaged more of Joey's things than her own solely because he was such a big, dear giant, which made it easier to believe that he was constantly bursting out of his clothes.
