Way back near the tail, the banks of gigantic fusion reactors were gobbling up the 35 million tons of hydrogen that had been magnetically ram scooped out of space throughout the twenty-year voyage and converting over two tons of its mass into energy every second to produce the awesome, 1.5-mile-diameter blast of radiation and reaction products that would have to burn for six months to slow the 140-million-ton mass of the Mayflower II down from its free-cruise velocity.."Because she's positive her ex-husband is the kidnaper. And we can't remove ourselves from the pain. Ordinary readers can skip, or read every third word, or quit in the middle. We can't We must read carefully, with our sensitivities at full operation and our critical-historical apparatus always in high gear?or we may miss that subtle satire which disguises itself as clich?, that first novel whose beginning, alas, was never revised, that gem of a quiet story obscured in a loud, flashy collection, that experiment in form which could be mistaken for sloppiness, that appealing tale partly marred by (but also made possible by) naive1, that complicated situation that only pays off near the end of the book. Such works exist but in order not to miss them, one must continually

extend one's sensitivity, knowledge, and critical care to works that only abuse such faculties. The mental sensation is that of eating garbage, I assure you, and if critics' accumulated suffering did not find an outlet in the vigor of our language, I don't know what we would do. And it's the critics who care the most who suffer the most; irritation is a sign of betrayed love. "I was told there was nothing of interest down here. And since it is so dull, I thought I would keep you company." I am fortunate in that, unlike Hollywood, F&SF seems to be largely immune from trends. The magazine has a reputation for offering variety, and to uphold that image, it seems to me that it must carefully avoid trends and formulas in an effort to publish a balance of different types of fantasy and sf. And so we continue to look for good writing and fresh ideas and entertaining narratives, and once those general criteria are satisfied, we take on whatever seems to be pleasing our writers at the time. That's the best way I know of pleasing our leaders...political disagreement nothing but personal squabbling motivated by envy. It's not for me to judge how gloomy, if you'll forgive my saying so." "The treasure is happiness, for me and my nearest and dearest Mend."
