Bartholomew's genius might have been intimidating, even off-putting, if he'd not been as much child as child genius. Likewise, he would have been wearisome if impressed by his own gifts. "I could have been killed," Junior Cain repeated, suddenly so horrorstruck by this realization that an iciness welled in his gut, and for a while he wasn't able to feel his extremities. Naomi's beautiful countenance rose in his mind, and she looked beautiful for a moment, but then he thought he saw a certain slyness in her angelic smile, a disturbing glint of calculation in her once loving eyes. They could not have been more solemn or more respectful if Naomi's corpse--stitched back together, pumped full of embalming fluid, painted with pancake makeup, dressed in white, with her cold hands clasping a Bible to her breast--had been reposing in a casket in this very room, surrounded by flowers and awaiting the arrival of mourners. They were all polite, soft-spoken, sad-eyed, oozing unctuous concern--and so full of feverish calculation that Junior wouldn't have been surprised if they had set off the ceiling-mounted fire sprinklers. You scrawl names on the walls with your own blood, play Psycho with a Sheetrock stand-in for Janet Leigh--and then fly off to Reno for a weekend of blackjack, stage shows, and all-you-can-eat buffets. Not likely. Junior flung back the covers and came to his feet, but his knees proved weak, and he sat at once on the edge of the bed. Junior tipped his head back and gazed up toward the section of broken-out railing along the high observation deck. The reverend couldn't easily escape church obligations on such short notice, but Grace wanted to be with her daughters. Phimie, however, pleaded that only Celestina accompany her. Finally Angel dropped and slithered, vanishing under the overhanging bedclothes with a final flurry of yellow socks. "Maybe he's a character I saw in a movie or read in a novel. I'm a member of the Book-of-the-Month Club. I'm always reading one thing or another. I don't remember a character named B-Bartholomew, but maybe I read the book years ago." Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent. The night was in flight, however, and he had a lot to do before it swooped straight into morning. "WOULD YOU LIKE TO BE MY BOYFRIEND?" asked Miss Velveeta, who had thus far shown no romantic inclinations. Hound had taken him, had stood and seen his people beaten senseless, had not stopped the beating. Yet he spoke as a friend. Why? said Otter's look. Hound answered it. Maria arrived early, expecting to assist with final details in the kitchen. Though honored to be a guest, she wasn't able to stand by with a glass of wine while preparations remained to be made. Because you can walk in the rain without getting wet, because you walk in SOME OTHER PLACE, and God knows where that place is or whether YOU COULD GET STUCK THERE somehow, get stuck there AND NEVER COME BACK, and if you can do this, there's surely other impossible things you can do, and even as smart as you are, you can't know the dangers of doing these things--nobody could know--and then there are the people who'd be interested in you if they knew you can do this, scientists who'd want to poke at you, and worse than the scientists, DANGEROUS PEOPLE who would say that national security comes before a mother's rights to her child, PEOPLE WHO MIGHT STEAL YOU AWAY AND NEVER LET ME SEE YOU AGAIN, which would be like death to me, because I want You to have a normal, happy life, a good life, and I want to protect you and watch you grow UP and be the fine man I know you will be, BECAUSE USE I LOVE YOU MORE THAN ANYTHING, AND YOU'RE SO SWEET, AND YOU DON'T REALIZE HOW SUDDENLY, HOW HORRIBLY, THINGS CAN GO WRONG. And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb? When his search of the desk drawers was only half completed, the telephone rang--not the usual strident bell, but a modulated electronic brrrrr. He had no intention of answering it. "And, listen, if you leave too soon behind me, I've got a guy watching, and he'll put a hollow-point thirty-eight in your ass." He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs. II. Otter. Agnes could almost visualize the three-dimensional geometric model that her little prodigy had created in his mind, which he now relied upon to reach the upper floor without a serious stumble. Pride, wonder, and sorrow pulled her heart in different directions. He'd never taken too much from any one game. He was a discreet thief, charming his victims with amusing patter. Because he was so ingratiating and seemed only mildly lucky, no one begrudged him his winnings. Soon, he was more flush than he'd ever been as a magician. At 11:45, on her way to bed, Agnes stopped at Barty's room and found him propped against pillows. The book was not particularly large as books went, but it was big in proportion to the boy; unable to hold it open with his hands alone, he rested his entire left arm across the top of the volume. "Wouldn't live in the Caribbean if you paid me," Bill said. "All that humidity. All those bugs." After a silent moment of surprise, Nork or Knacker, or Hisscus, said, "Your sentiment is understandable, Mr. Cain, but it's customary in these matters--". Of the curiosities Junior uncovered, Frieda's weapons interested him most. Guns were stashed throughout the apartment: revolvers, pistols,

and two pistol-grip shotguns. Sixteen altogether..For the past two days, Junior had eaten only binding foods, and late this afternoon, he had taken a preventive dose of paregoric, as well..Snap, snap, snap! Three more quarters ricocheted off the left side of his face-temple, cheek, jaw..As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again."
