Each page comprised four columns of names and numbers, most with addresses. Approximately one hundred names filled each column, four hundred to a page..Throughout this procedure, Barty appeared solemn and thoughtful. When he had squeezed the tenth toe, he stared at it, brow furrowed..After following his uncle's movements, Barty looked at the table again. "Pie, pie, pie, pie, pie, pie.".The nurse was in was gone, but Maria remained in attendance. She the vinyl-and-stainless-steel armchair, busy at..Tom stared at the girl's drawing-quite a good one for a child her age, rough in style, but with convincing detail-and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these ... ?".Vanadium hadn't seen the man who had clubbed him from behind and who had smashed his face with a pewter candlestick, but when- he spoke the name Enoch Cain, the quality in his eyes was not compassion. No fingerprints had been left, no evidence in the aftermath of the fire at the Bressler house or in the Studebaker hauled from Quarry Lake..Because his lacrimal glands and tear ducts were intact, Barty could cry with his plastic eyes. Consequently, it didn't seem all that much more incredible to be seeing with them..She protested that her ruined body had neither any comforts to offer a man nor the strength to be a bride..Maria Elena Gonzalez--such an imposing figure in spite of her diminutive stature that even three names seemed insufficient to identify her-was still present. Although the crisis had passed, she wasn't ready to trust that nurses and doctors, by themselves, could provide Agnes with adequate care.."Sure. Or why don't I pull a Rumpelstiltskin and demand one of her children for payment' ".By his twelfth month, he was toilet-trained, and every time that he had the need to use his colorful little bathroom chair, he proudly and repeatedly announced to everyone, "Barty potty.".As they dropped toward the surgical floor, the solemn sister said, "Another hypertensive crisis..First, Victoria Bressler was listed as one of his victims, although as far as he knew, the authorities still had every reason to attribute her murder to Vanadium..Walking rather than riding was now nothing more than a matter of habit. And by walking, he could delay his arrival at a house that had grown strange to him, a house in which every noise he made, since Monday, seemed to echo as if through vast caverns..Soon paramedics followed the police, who spread out through the apartment, and Junior relinquished his grip on the dishtowel..Stopping at the door without opening it, Vanadium turned to stare at Junior, but said nothing..Angel was lying on a towel on the convertible sofa, where Grace had just changed her diaper..The various flavors of canned soda were always racked in the same order, allowing Barty to select what he wanted without error. He got orange for Angel, root beer for himself, and closed the refrigerator..Edom, eager to learn precisely when a tidal wave or falling asteroid would bring his doom, fetched a pack of cards from a cabinet in the parlor. When Maria explained that only every third card was read and that a full look at the future required four decks, Edom returned to the parlor to scare up three more..At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish..At the end of his fourth month, instead of in his seventh, he said "Mama," and clearly knew what it meant. He repeated it when he wanted to get her attention..The floor of the spacious bathroom featured beige marble tiles with diamond-shaped inlays of black granite. The countertop and the shower stall were fabricated from matching marble, and the same marble was employed in the wainscoting..Nevertheless, being cautious even as he seized the day--or the night, in this case-he parked a short distance from his destination, on a parallel street. He walked the last three blocks.."I can try, your highness.".She repeated this ritual eleven more times--"For Andrew, for James, for John"--frequently glancing into the nave behind her, to be sure that she was unobserved..On Sunday, New Year's Eve, Edom and Jacob came for dinner. Following dessert, when Barty went to his room to continue reading Starman Jones, which he had begun late that afternoon, Agnes told her brothers the truth about their nephew's eyes..He traveled prairies and mountains and valleys, passed fields rich in every imaginable crop, crossed great forests and wide rivers. He walked in fierce storms when thunder crushed the sky and lightning tore it, walked in wind that skinned the bare earth and sheared green tresses from trees, and walked also in sun-scrubbed days as blue and clean as ever there had been in Eden..This wasn't art. This was pandering, mere illustration, more suitable for painting on velvet than on canvas.."Why do you think he's spending his money for all this tricky stuff?" Kathleen wondered, not for the first time..If that was the bright side, however, it was a piss-poor bright side (no pun intended), because he was still stuck in this men's room with a corpse, and he couldn't stay here for the rest of his life, surviving on tap water and paper-towel sandwiches but he couldn't leave the body to be found, either, because the police would be all over the gallery before the reception ended, before he had a chance to follow Celestina home..Needles of rain knitted the air and quickly embroidered silvery patterns on the blacktop..When she discovered she was pregnant, Phimie dealt with this new trauma as other naive fifteen-year-olds had done before her: She sought to avoid the scorn and the reproach that she imagined would be heaped upon her for having failed to reveal the rape at the time it occurred. With no serious thought to long-term consequences, focused solely on the looming moment, in a state of denial, she made plans to conceal her condition as long as possible..The apartment above Elena's Fashions could be reached by a set of exterior stairs at the back of the building. The climb had never before taxed Agnes in the least, but now it took away her breath and left her legs trembling by the time she reached the top landing.."It's a boy," Joey assured her, as though he had been given a

vision. Thick blood sluiced across his lower lip, down his chin, bright arterial blood. "Baby, no," she pleaded. "Less than a year and a half ago, Hurricane Flora--she killed over six thousand in the Caribbean." The black service road seemed to come out of nowhere, then to vanish into a void, and Junior suddenly felt dangerously isolated, alone as he had never been, and vulnerable. "That was five years ago. After more surgeries than I care to remember, I was left with these." He raised his goblin hands again. "There's pain in humid weather, less when it's dry. I can take care of myself, but I'll never be a card mechanic again ... or a magician." After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint. And so at the age of thirty-one, after more than twenty-eight years of blindness with a few short reprieves, Barty Lampion received the gift of sight from his ten-year-old daughter. 1996 through 2000: Day after day, the work was done in memory of Agnes Lampion, Joey Lampion, Harrison White, Seraphim White, Jacob Isaacson, Simon Magusson, Tom Vanadium, Grace White, and most recently Wally Lipscomb, in memory of all those who had given so much and, though perhaps still alive in other places, were gone from here. "Your father denies the rape ever occurred, apparently out of what I'd call a misguided willingness to trust in divine justice." After poring through enough sensational newspaper accounts to be convinced that the curse-casting reverend was undeniably dead, Junior had acquired four pieces of surprising information. Three were of vital importance to him. Scowling, Joey stared at the floor in puzzlement, shifted his weight from one foot to the other, sighed, turned his attention to the ceiling, and shifted his weight again, for all the world like a trained bear that couldn't quite remember how to perform its next trick. The presence of the brochure disturbed Vanadium also because he assumed that after being dead-ended by Nolly, Cain had subsequently discovered that Celestina had taken custody of the baby to raise it as her own. For some reason, the nine-toed wonder originally believed the child was a boy, but if he'd tracked down Celestina, he now knew the truth. "I can talk to you," he said to Salk. "You'll understand. She was here, the only one I ever knew till I met you. I've read about them all my life, in pulp magazines and paperbacks. But Perri ... she was the real thing. She didn't save tens of thousands--hundreds of thousands of children like you've done, didn't change the world as you've changed it, but she faced every day without complaint, and she lived for others. Not through them. For them. People called her to share their problem, and she listened and cared, and they called her with their good news because she took such joy in it. They asked for her advice, and though she was inexperienced, really, so short of experience in so many ways, she always knew what to say, Dr. Salk. Always the right thing. She had great heart and natural wisdom, and she cared so much." Junior got in the car once more, slammed the door, and said, "Panfaced, double-chinned, half-bald, puke-collecting creep." "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve. Eventually, of course, dear Edom held forth about tornadoes--in particular the infamous Tri-State Tornado of 1925, which ravaged portions of Missouri, Illinois, and Indiana. Too rattled to want lunch at the St. Francis Hotel or anywhere else, Junior returned to his apartment. Agnes found this turn of events amazing, amusing, ironic--and a little sad. She would have dearly loved to teach the boy to read and write, to see his knowledge and competence slowly flower under her care. Although she fully supported Barty's exploration of his gifts, and although she was proud of his astounding achievements, she felt that his swift advancement was robbing her of some of the shared joy of his childhood, even though he remained in so many ways a child. He stopped for lunch at a restaurant with a spectacular view of the Pacific, framed by massive pines. Perhaps this particular worry was not ordinary maternal concern. If a sixth sense is at work in all of us, then perhaps subconsciously Apes was aware of the tragedy to come: the tumors, the surgery, the blindness. By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all. Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson--he of the large head, small ears, and protuberant eyes--had referred Junior to Nolly Wulfstan. Now, Obadiah produced a pack of playing cards as though from a secret pocket in an invisible coat. "Like to see a little something?" "Mom always says that pigs will surely fly one day if ever Daddy chooses to convince them that they've got wings." Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth. Junior had expected these singular creatures, and he needed them to be as monstrous as they had always been in the past. Nonetheless, he shrank back against his pillows in dismay when they exploded into the hospital room. Their faces were as fierce as those of painted cannibals coming off a fast. They gestured emphatically, spitting expletives along with tiny bits of lunch dislodged from their teeth by the force of their condemnations. The cop had picked up the .22 pistol, using a pencil through the trigger guard, to prevent the destruction of fingerprints. He sprang to his feet, or maybe only staggered up, depending on whether his image of himself right now was pulp or real, and surveyed the scene, looking for the bandaged man. A few neighbors crossed the lawn toward Grace, and others approached along the street. But the killer was gone. Outside, he discovered that some worthless criminal wretch had broken into his Suburban during the night. The suitcase and Book-of-the-Month selections were gone. The creep even swiped the Kleenex, the chewing gum, and the breath mints from the glove compartment. He was relieved that he hadn't moved his head or made a sound. He wanted to understand as much of the situation as possible before revealing that he was awake. As Nolly hung his raincoat and his porkpie hat on a rack by the hall door, Kathleen Klerkle appeared in the entrance to the nearest of the two treatment rooms. "Are you ready to suffer?" Another pocket. More cartridges. Trying to squeeze just two into the magazine, but his hands shaking and slippery with sweat. Although not quite as young as Bavol Poriferan, this artist was equally adored by critics and widely regarded as a genius. He went by a single and mysterious name, Sklent, and in the publicity photo of him that was posted in the gallery, he looked dangerous. "He worked in your shipyard, your highness." Losen liked to be called by kingly titles. If Junior were weak-minded enough to succumb to madness, this was the moment when he should have fallen into an abyss of insanity. He heard an internal cracking, felt a terrible splintering in his mind, but he held himself together with sheer willpower, remembering to breathe slowly and deeply. He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs. Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this." The Church nourished the soul, while the occult nourished the imagination. In Mexico, where physical comforts were often few and hope of a better life in this world was hard won, both the soul and the imagination must be fed if life was to be
